

DIAGNOSTICS

Announcing A New Look for MaterniT NIPS (NIPT) kits

Starting in July 2023, we are updating our MaterniT NIPS (NIPT) specimen collection kits to align with Labcorp's new brand identity. The kit components and specimen collection requirements will not change.

Protective foam sleeve will be replaced by bubble wrap sleeve.

Existing MaterniT specimen collection kits

Rebranded specimen collection kits

Rebranded specimen collection kits will feature the new branding shown below. Internal components will remain unchanged.

Kit for Labcorp clients, PSCs and IOPs:
FedEx Clinical Pak not included
(round orange sticker)

Kit for Integrated Genetics clients, PSCs and IOPs:
FedEx Clinical Pak included
(round yellow sticker)

Kit for Sequenom clients, PSCs and IOPs:
FedEx Clinical Pak included
(no sticker)

Kit ordering

Existing MaterniT kits should be used for specimen collection until your current stock is consumed. PeopleSoft numbers and the supply ordering process will not change. Please continue to order kits and supplies as normal.
